

The cover features a dark grey top section with a large, stylized red and white chevron pointing downwards. Below this is a large, faint, light red phoenix logo. The text is centered over the logo. At the bottom, there is a red chevron pointing upwards.

PHOENIX HACKATHON

SPONSOR PACKET

2023-2024

About Us

Phoenix Hackathon was created in 2022 and held its first hackathon in December of that year. We worked in collaboration with students and teachers across the county. This will be our second in-person year running the event.

Phoenix Hackathon is based at Rock Ridge High School and run by a team of dedicated juniors and seniors in STEM. We aim to inspire the next generation of innovators, fostering a creative and collaborative environment where students can learn, grow, and unleash their potential.

What is a Hackathon?

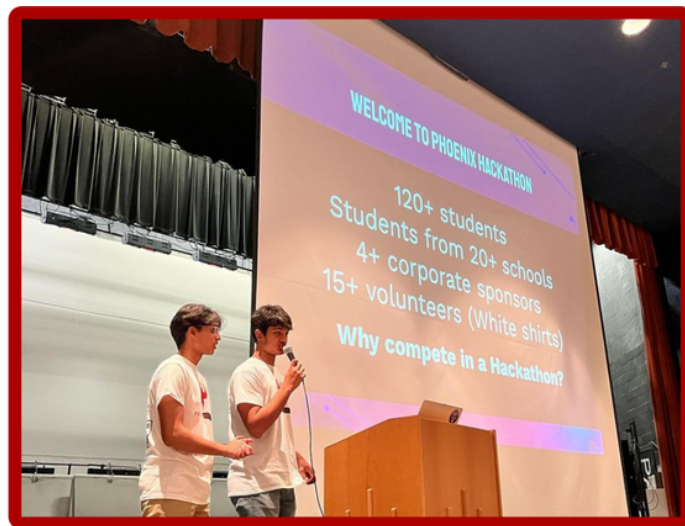

A hackathon is a short 1-2 day in-person/virtual event where middle and high school students create and submit a project. Projects can be anything as long as it's related to STEM. During the event, students can choose to attend workshops hosted by volunteers and officers to learn specific skills (i.e Python or Game development). The projects are judged, with overall and category winners selected and awarded prizes.

Achievements

Over 120 students attended the Phoenix Hackathon. Students from middle-high school came to the event. They came from all across Northern Virginia and from schools like TJ and the Academies.

Over a thousand dollars worth of prizes were given out to students. 10+ Workshops hosted, 15+ volunteers

We had four corporate sponsors last year: Mantech, LCPS Computer Science, Reston Shirt, and P2S Tutoring.

ManTech.

Why Sponsor?

Sponsors will support the Phoenix Hackathon. The hackathon encourages the learning of STEM in our community. It provides a great experience for students to collaborate and learn. Sponsors will also be able to connect to a whole host of diverse and skilled students. Sponsors will receive recognition for their support.

By providing judges and guest speakers, sponsors can help to educate passionate learners about the industry and connect with future employees.

Sponsor Rewards

Bronze
(\$500+)

Silver
(\$1000+)

Gold
(\$2000+)

Logo on T-shirt and Website			
Letter of Gratitude			
Send Company Representative			
Send Project Judge
